Progress in Cardiovascular Nursing
2002 Subject Index

1. Adherence

Barriers to Participation in and Adherence to Cardiac Rehabilitation Programs: A Critical Literature Review 17;1:8–17 (Daly J)

Staying on Course: The Effects of an Adherence Facilitation Intervention on Home Exercise Participation 17;2: 59–65, 71 (Duncan KA)

Adherence to Angiotensin-Converting Enzyme Inhibitor Therapy for Heart Failure 17;4:160–166 (Bohachick P)

2. Atrial Fibrillation

Atrial Fibrillation: The Newest Frontier in Arrhythmia Management 17;3: 110–123, 141 (McCabe PJ)

3. Cardiac Rehabilitation

Factors Influencing Health-Related Quality of Life in Cardiac Rehabilitation Patients 17;3:124–131, 154 (Jamieson M)

4. Clinical Update

Detection of Subclinical Atherosclerosis Using Noninvasive Tools 17;1:51–52 (Drown DJ)

The Effects of Simvastatin-Niacin and Antioxidant Therapy on HDL 17;2: 102–103 (Drown DJ)

Metabolic Syndrome: A Constellation of Risk Factors for Vascular Disease and Diabetes With Deadly Consequenses 17;3:151 (Drown DJ)

Predicting Coronary Risk by Measuring Inflammation 17;4:195, 198 (Drown DJ)

5. Complementary Therapy

Healing the Heart: Integrating Complementary Therapies and Healing Practices Into the Care of Cardiovascular Patients 17;2:73–80 (Kreitzer MJ)

6. Considerations in Drug Therapy

The Use of Nesiritide in the Management of Acute Decompensated Heart Failure 17;2:89–95 (Kayser SR)

Therapeutic Considerations in the Management of Patients With Heparin-Induced Thrombocytopenia 173:3;142–147 (Tong LM)

Controlling Hypertension to Reduce the Risk of Stroke 17;4:186–191 (Lamb RE)

7. Coronary Artery Bypass

African Americans' Knowledge of and Attitudes Toward Cornary Artery Bypass Surgery as a Treatment Option 17;1:42–46 (Celia B)

8. C-Reactive Protein

Role of Inflammation in Cardiovascular Disease: How to Use C-Reactive Protein in Clinical Practice 17;4: 174–185 (Zebrack JS)

9. Dysrhythmias

Book Review: Basic Dysrhythmias: Interpretation and Management 17;4: 197–198 (Purcell JA)

10. ECG Clinical Questions

How May We Evaluate and Treat a Wide-Complex Tachycardia in a Patient Presenting With Chest Pain in the Emergency Department? 17;1:49–50 (Thompson C)

Why Does the QRS Morphology of the Paced Beat Change in Patients With Biventricular Cardiac Pacing Systems? 17;2:101, 103 (Thompson C)

When Do We Monitor for the Effects of a "Therapeutic" Myocardial Infarction 17;3:152–154 (Thompson C)

Can a Concave T Wave in V_1 Through V_3 Be a Predictor of a Deadly Arrhythmia? 17;4:196, 198 (Thompson C)

11. Homocysteine

Emergent Cardiovascular Risk Factor: Homocysteine 17;1:35–41 (Warren CJ)

12. Hypertension

The Use of Combination Drug Therapy in the Treatment of Hypertension 17; 2:81–88, 95 (Neutel JM)

13. Implantable Cardioverter-Defibrillator

The Role of the Nurse in Enhancing Quality of Life in Patients With an Implantable Cardioverter-Defibrillator: The Swedish Experience 17;1:18–25 (Carlsson E)

14. International Perspectives on CV Nursing

Nurses' Initiatives in Smoking Cessation in Hong Kong 17;1:47–48, 52 (Chan S)

NHF-COACH Multicenter Trial in The Netherlands: Searching for Underlying Potentially Beneficial Mechanisms in Nurse Led Heart Failure Management 17;2:96–98 (Jaarsma T)

Cardiovascular Nursing Research Initiatives in Canada 17;3:148–150 (Robichaud-Ekstrand S)

Meeting the Challenge of Acute Pain Management in Coronary Heart Disease 17;4:192–194 (Smith KM)

15. Ischemia

Current Options in the Diagnosis and Management of Acute Limb Ischemia 17;1:26–34 (Kasirajan K)

16. Journal

Letter from Publisher 17;1:7 (Le Jacq LF)

17. Keeping Pace

Heart Transplantation for a Prisoner 17; 2:99–100 (Shinn JA)

Clinical Practice Guidelines 17;3: 155–156 (Shinn JA)

18. Low-Density Lipoprotein

Small LDL and Its Clinical Importance as a New CAD Risk Factor: A Female Case Study 17;4: 167–173 (Superko HR)

19. Recovery Patterns

Comparison of Recovery Patterns for Patients Undergoing Coronary Artery Bypass Grafting and Minimally Invasive Direct Coronary Artery Bypass in the Early Discharge Period 17;3:132–141 (Zimmerman L)

20. Syncope

Syncope: A Fall From Grace 17;2: 66–71 (Colgan J)

LE JACQ COMMUNICATIONS

Call for Manuscripts

Progress in Cardiovascular Nursing, a peer-reviewed quarterly publication, invites authors to submit clinical and research manuscripts relevant to cardiovascular nursing. This is an opportunity to share your clinical expertise and research with your colleagues.

Specific areas of interest include:
- *Review* – current literature review on a clinical cardiovascular topic
- *Clinical Research* – studies with results applicable to patient care
- *Case Studies* – patient care experiences which are important in clinical practice
- *Techniques and Procedures* – descriptions of procedures, treatments or "how-to" aspects in the management of cardiovascular patients
- *Clinical Problems* – description of a challenging clinical problem in patient care with a discussion of current and alternative therapies or solutions

For more information about manuscript submission, please refer to the Information for Authors appearing in this issue. For further questions or manuscript queries, please contact the Associate Managing Editor, Elizabeth Gourin, by e-mail (egourin@lejacq.com) or phone (203-656-1711 x109). We look forward to hearing from you.
